## **GO ZERO WASTE** **Battery Recycling Program**

Pico Inc. is pleased to offer a convenient and 100% waste-free Battery Recycling Program to support the VidaCasa H1X Hot Cell. The innovative Lithium Ion rechargeable heating solution for buffetware is the environmentally-friendly alternative to traditional fuel. With industry leading sustainability, the H1X battery is reusable over 500 times at a duration of up to 3 hours.

### **BATTERY EXCHANGE IN 3 SIMPLE STEPS**

#### **STEP 1**

**CONTACT US** upon the battery's end-of-life to let us know you are ready to trade in for new batteries!

#### **STEP 2**

**MAIL BATTERIES** to one of our warehouse locations.

#### **STEP 3**

**THERE IS NO STEP 3** as we take care of the rest with our partner Call2Recycle

Pico Inc. is proudly partnered with Call2Recycle to offer an effective and user-friendly Battery Recycling Program. Learn more at: <https://www.call2recycle.org/>
