

LEOLIGHT

E-FLAME LED CANDLES

E-Flame electric candles reproduce the ambiance of real candles using advanced technology. A chip controls the flicker, mimicking the glow of a real candle. E-flame candles eliminate the risk of fire and leave no messy wax to clean up.

LOSE THE FLAME, KEEP THE FLICKER!

IMPORTANT FACTS

THE MOST FLAME FOR YOUR BUCK

With 15,000 hours inside each LED tealight, the long-term cost benefits are obvious. Add the highly technical chip that controls the radiating flicker of the bulb, and you have the authentic ambiance at every table and across the bar. Choose the perfect holders from our decor collection and you've got a home run. Lose the flame, keep the flicker.
