

VIDACASA HOT CELL BUNDLES: ORDER GUIDE

STEP 1: HOW MANY HOT CELLS DO YOU NEED?

CONSIDER:

- How many Hot Dishes do you put out per Serving?
- How large are the Dishes – Half Size GN1/2 or Full Size GN1?

For every Half Size GN1/2 Dish, you need **1 Hot Cell**.

For every Full Size GN1 Dish, you need **2 Hot Cells**.

EXAMPLE A: 2 Half Size Dishes & 2 Full Size Dishes = **6 Hot Cells**

EXAMPLE B: 8 Half Size Dishes & 5 Full Size Dishes = **18 Hot Cells**

STEP 2: HOW MANY BATTERIES DO YOU NEED?

CONSIDER:

- How many Servings do you offer per day?

For every Serving, you'll need 1 set of Hot Cells, as calculated in Step 1.

Given 3 Daily Servings (Breakfast, Lunch, Dinner), multiply the number of Hot Cells x3 for the Battery Requirement.

EXAMPLE A: 6 Hot Cells x 1 Daily Serving = **6 Batteries**

EXAMPLE B: 18 Hot Cells x 3 Daily Servings = **54 Batteries**

STEP 3: SELECT THE BUNDLE THAT'S RIGHT FOR YOU!

ALL BUNDLE ORDERS INCLUDE A FREE CARRYING CASE!

(1 PER 6 HOT CELL UNITS)

6 H1X Hot Cells, 6 Battery Packs
1 Serving Per Day Of 6 Dishes
